

Festive revelry with a luxurious touch

KSK Land Sdn Bhd (KSK Land), the property development subsidiary of KSK Group Berhad, recently hosted members of the community at its 8 Conlay signature sales gallery in conjunction with the Chinese New Year of the Fire Monkey.

More than 250 community members from all walks of life congregated at the luxurious 8 Conlay sales gallery in Jalan Conlay, in Kuala Lumpur's golden triangle, to usher in the lunar new year.

The celebration was further amplified with an energetic 24-season drum performance followed by an acrobatic lion dance act.

Guests were treated to a delectable spread of food and beverage, not to mention traditional delicacies such as the famous dragon's beard candy.

Keeping true to the lunar festive spirit, KSK Land staff and community members were also immersed in activities including the art of calligraphy, crafting dough dolls and paper cutting.

KSK Group, executive chairman, Tan Sri Kua Sian Kooi and KSK Group board members were present at the celebration.

KSK Land managing director, Joanne Kua said, "We strongly believe in enriching lives through the creation of sustainable value for our customers and the local community.

"Pairing this with the delivery of world-class quality and innovative products as well as services is the key to achieving our aspiration to be a property developer of choice."

In addition to entertaining performances and fine cuisine, guests were given the opportunity to experience the luxurious touch of KSK Land's maiden branded residence development, YOO8 serviced by Kempinski. This included a guided tour of 8 Conlay's Tower A show unit designed by internationally acclaimed designer, Steve Leung.

Each living space presented Leung's trademark design of wood and water elements.

More than a stylish address, 8 Conlay is a mixed-use development offering residents a unique way of living.

Standing strategically in the heart of Kuala Lumpur City Centre, 8 Conlay provides personal spaces that express individual personalities and tell life stories through three key elements namely, liveable architecture, designs and personalised services.

Set for completion in 2020, the development will comprise of two branded residence towers, a luxurious five-star hotel and suites serviced by Europe's pioneer hotelier, Kempinski Hotels as well as a retail component.
