

KSK's 8 Conlay hotel is entry point project

KSK will team up with Kempinski Hotels, Europe's oldest luxury hotel group, for the hotel component of its 8 Conlay project.

The partnership has been recognised as an entry point project by the Ministry of Tourism and Culture under the Tourism National Key Economic Areas in Malaysia's Economic Transformation Programme.

Kempinski Hotel Kuala Lumpur will have 260 five-star hotel rooms and 300 serviced suites in a 68 storey tower, expected to be operational in 2020.
